# WHY DEAL WITH DEGREES

Order from your AEG multifunction oven with Command Wheel the way you would at a restaurant. Select rare, medium or well done to enjoy perfect results at home without ever dealing with degrees. Why compromise on an oven that doesn't live up to your standards.

Our Connected Multifunction Oven with Command Wheel Control, model BPK948330M comes packed with technology and features.

## Connected

Easily monitor and set your oven programmes with our AEG App. This allows you to adjust cooking programmes, follow step by step recipes, and even allows you to set cooking programmes based on relevant recipes.

## Command Wheel

An innovative Command Wheel removes the need for a busy dashboard and makes the cooking experience simple and streamlined for perfection on a plate, every time.

## Pyrolytic Self-Cleaning

With our pyrolytic function, this self-cleaning oven heats up to 500°C and turns food residue to ash.

## SenseCook

Food sensor that adapts to what you are cooking and helps you get the results you are aiming for. Just tell the oven how you want your dish cooked and the oven will let you know once your food has reached the right temperature.

# Your home **MADE BETTER**

We know a home is more than bricks and mortar; it's where memories are made. It's cooking together, it's a space to relax after a hard day's work, it's playing in the garden.

So, whilst you focus on building a home, you can leave the bricks and mortar\* to us.

\*We sell more than bricks and mortar – we also sell kitchens, bathrooms, landscaping supplies, tiles, doors, windows, floors and more.
